The Lure of Music

The "Lure of Music" is a gateway into the world of music for the layman. With all the glamour of the Fairy Tale, it takes one into the realm of music, telling fascinating stories about musical compositions and about more than seventy composers. The style is simple; the information is accurate, and the appeal is instantaneous.

It has been written so well that professional musicians find pleasure in reading it; and it is done in a style so interesting that the amateur will make it a basis for conversations about music, and for music study.

The teacher will find it just the right stories to tell to pupils—how and why certain favorite compositions were written, and anecdotes about the old music masters. It will incite a keener interest in the record selection of every school and home.

"Music Moods," a bulletin on Music Appreciation, should be used in connection with its listed records, to supplement the "Lure of Music." These two works furnish unsurpassed material for the school and home for a better understanding of the best in music.

"The Lure of Music" ought to be in the library of every school and home. It may be purchased from any Columbia Dealer for \$1.50. The Grafonola in the School and other Columbia Educational Literature will be sent to you free upon request.

"The schools must make democracy safe for the world."

The Victrola in use at School No. 25, Indianapolis, Ind.

MUSIC is the one great universal language understood, loved and used by every Nation engaged in the great struggle—friend and foe.

MUSIC is the greatest single factor which will soonest heal the wounds of strife and bring the whole world into a new relation of real brotherhood.

The schools of all Nations, but especially those of free America, must teach the new lesson of "Each for All, and All for Each"—and MUSIC, the common tone in the new harmony of Nations, is more valuable than text or sermon, bell or book, treaty or diplomacy in reaching the hearts of all our citizens, old or new, and helping all to sing a mighty paean of praise for our great Nation.

Let the children sing for the *Victory* of "Liberty Enlightening the World."

The Government has made MUSIC an integral part of all Student Army Training Schools. The 66 selected songs are nearly all on Victor Records.

Do your children know them?

The VICTOR will bring all the songs of America and her Allies, and all the old beautiful music of all lands right into the school rooms, the seed beds of our future democracy.

Are the children in *YOUR* School receiving this training for life? If not, why not?

Twice the Service at Half the Cost

Half the size of an ordinary upright, and weighing about half as much, one of these little pianos in a school means more music for more rooms than two of the larger, heavier instruments. Two small boys can easily move the Miessner from room to room—two men can easily carry it up or down stairs.

The Miessner stands only 3 feet, 7 inches high. It has a keyboard of full seven octaves and a tone as big, full and pure as that of any upright or small grand. It costs about half as much as the ordinary upright.

The Miessner Piano

"The Little Piano With the Big Tone"

THE MIESSNER PIANO

The Little Piano With the Big Tone

Every teacher knows that a piano is as necessary in a school as an organ in a church and this wonderful little instrument makes it possible for every school to have real singing lessons.

Its small size enables the teacher to look right over the top—see every pupil in the room without turning her head. The pupils can watch every expression of her face—follow her lead and catch her inspiration as never before.

A High Grade Instrument

In quality and volume of tone, and in rigidity of construction the Miessner Piano is the equal of any ordinary upright of standard make. New ideals in con-

struction result in considerably lessening the strain and tension and thereby lengthening the life of the instrument. It is in every way a strictly high grade instrument, beautifully finished and handsome and artistic in appearance.

Supervisors Enthusiastic

Thousands of supervisors who have seen and heard the Miessner Piano have expressed their enthusiastic appreciation of what it means to music education.

It is the answer to a real need long felt by every teacher and supervisor—the logical solution of a problem which has long been apparent. Not only will it enable every school to have a

piano, and put new life and interest into the music period—it also makes practical the next step in music, piano instruction in the schools.

"Factory to School-room" Plan

The Miessner Piano is not sold through dealers, but on our "Factory to School-room" plan. This enables us to place the instrument in your schools at about half the cost of an ordinary upright of standard make.

Shipped on Approval

Furthermore, we ship it to you on approval. You do not pay one penny until you have had ten days to examine it, play on it, test its quality and volume of tone. If you find it is not all we claim for it, ship

it back at our expense. Could a manufacturer offer more conclusive evidence of his belief in his product.

Ten-year Guarantee

And the Miessner is sold under an unconditional ten-year guarantee which gives you absolute assurance of service and satisfaction.
